MESSAGE FROM Founder

Dear Parents

As parents, we strive for one ultimate goal—to give our children a better life, filled with opportunities and hope. Many of you have journeyed across continents, embracing new challenges, cultures, and sacrifices, all to create a brighter future for your family. Yet, in this pursuit, ensuring your child stays connected to their roots and identity often feels like an overwhelming challenge.

At K8 School, we are here to make that journey easier. As the world's only valid and recognized 100% online CBSE-curriculum school, we empower Indian children worldwide to stay connected to the CBSE curriculum while nurturing the rich values, traditions, and culture that define who they are. Beyond academics, we guide children in navigating the unique challenges they face in schools and societies outside India, ensuring they grow into confident, resilient individuals.

No matter where life takes you—Europe, the US, South America, or Africa—your child's roots will remain strong, their identity intact, and their future boundless. Together, let's ensure they thrive, not just academically, but as proud global citizens of Indian heritage.

Warm Regards
